

# HOME THEATER & HOOK-UP GUIDE

ethereal™

## FEATURES FOUND IN ETHEREAL™ CABLES

- 24K gold-plated terminals and compression ring for best possible signal transfer & maximum contact
- Low capacitance dielectric inner cable jackets and Mylar® foil shield for optimum noise rejection
- Precision-wound strands of braided oxygen-free copper for the clearest transmit and return paths
- Super flex jacket with braided cotton sleeve for installation ease and improved aesthetics
- 24K gold-plated .75-inch strain relief ferrule for the highest noise rejection at the terminal

**TOSLINK™ OPTICAL CABLE**  
High-capacity signal delivery for accurate, clear sound. Fiber cut on the diagonal and protected by heavy casing, which is slightly oversized to ensure a snug fit with component.

- EE-T.5 0.5 M (EACH)
- EE-T1 1 M (EACH)
- EE-T2 2 M (EACH)
- EE-T3 3 M (EACH)
- EE-T4 4 M (EACH)

**F-F CATV CABLE**  
Meets the high demands of digital broadband and CATV. DSS with true, consistent 75-ohm impedance; 24K gold-plated screw on "F" terminals; 24K gold-plated .75 inch strain relief ferrule for the highest noise rejection at the terminal.

- EE-F.5 0.5 M (EACH)
- EE-F1 1 M (EACH)
- EE-F2 2 M (EACH)
- EE-F3 3 M (EACH)
- EE-F4 4 M (EACH)

**COMPOSITE VIDEO CABLE**  
Provides wide bandwidth capacity for well-defined, vibrant picture quality; exclusive compression termination construction results in superior noise rejection.

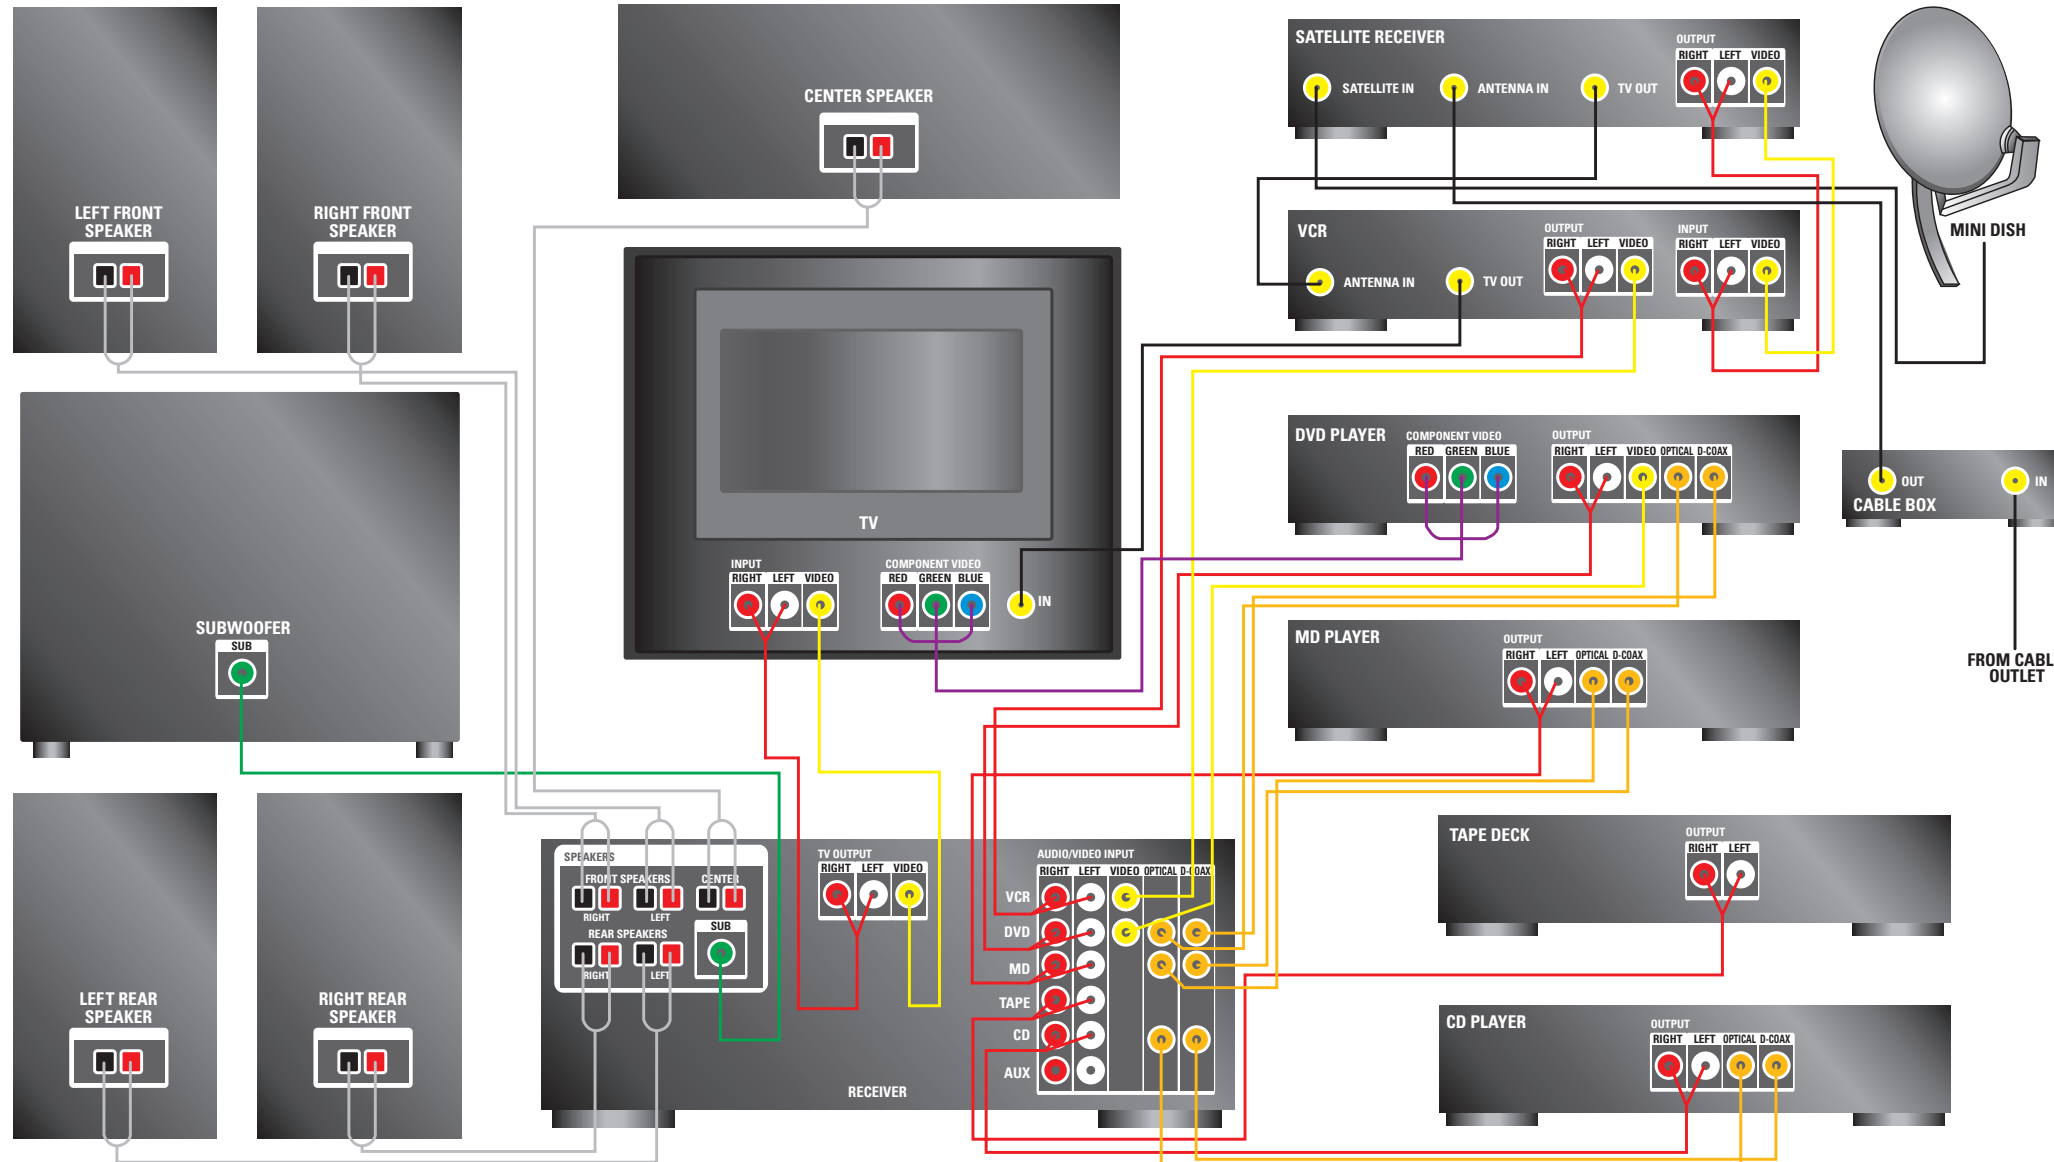

- EE-V.5 0.5 M (EACH)
- EE-V1 1 M (EACH)
- EE-V2 2 M (EACH)
- EE-V3 3 M (EACH)
- EE-V4 4 M (EACH)

**COMPONENT VIDEO CABLE**  
Achieves the most accurate picture, resolution and color. RG6 oxygen free, copper stranded conductor.

- EE-CV.5 0.5 M (SET)
- EE-CV1 1 M (SET)
- EE-CV2 2 M (SET)
- EE-CV3 3 M (SET)
- EE-CV4 4 M (SET)

**VIDEO S CABLE**  
Delivers vivid, high-color balance and greatly reduced distortion.

- EE-S.5 .5 M (EACH)
- EE-S1 1 M (EACH)
- EE-S2 2 M (EACH)
- EE-S3 3 M (EACH)
- EE-S4 4 M (EACH)

**BANANA PLUG ADAPTERS**

- BSPADE - 5 R / 5 BLK FEMALE-LARGE SPADE ADAPTER
- BTIP - 5 R / 5 BLK FEMALE-PIN ADAPTER

**SPEAKER CABLE**  
Accurate sound reproduction and excellent clarity; pre-terminated with 24K gold-plated banana jacks. 12 gauge, oxygen free copper, high strand count.

- EE-SWP2 2 M (PAIR)
- EE-SWP3 3 M (PAIR)
- EE-SWP4 4 M (PAIR)
- EE-SWP5 5 M (PAIR)
- EE-SWP10 10 M (PAIR)

\*Also available in single cables

**AUDIO STEREO CABLE**  
Delivers accurate low, high and midrange frequencies for greatly improved detail and dynamics.

- EE-A.5 0.5 M (PAIR)
- EE-A1 1 M (PAIR)
- EE-A2 2 M (PAIR)
- EE-A3 3 M (PAIR)
- EE-A4 4 M (PAIR)

**SUBWOOFER CABLE**  
Delivers well-defined deep bass; greatly reduces listener fatigue.

- EE-SUB3 3 M (EACH)
- EE-SUB4 4 M (EACH)
- EE-SUB5 5 M (EACH)
- EE-SUB6 6 M (EACH)
- EE-SUB10 10 M (EACH)

**DIGITAL COAXIAL CABLE**  
Provides the bandwidth for the demands of high-end installations; delivers clear, accurate sound and improved dialogue intelligibility.

- EE-D.5 0.5 M (EACH)
- EE-D1 1 M (EACH)
- EE-D2 2 M (EACH)
- EE-D3 3 M (EACH)
- EE-D4 4 M (EACH)
